The time is fast approaching when each nation and culture, on the basis of an invincible national consciousness, will flourish in its uniqueness, while living in harmony with all other nations and cultures.

Maharishi's Programs to Create Heaven on Earth

Our mission is to offer all of Maharishi's programs to promote life in accord with Natural Law so that all ladies and mothers uphold their own cherished cultural traditions, embracing all that enriches family life and national life, and promotes progress.

INITIATIVES

Based on our very successful conference in October, 2010—*Restoring Balance: The Indigenous Grandmothers' Call to the Women of the World*—we are continuing to create a very powerful network of Native American women leaders who have expressed their desire to implement Maharishi's programs in their own communities and nations. As a result, the following initiatives are being developed:

- Offer Maharishi Ayur Veda programs for women's health through clinics and nursing schools in the Native American communities
- Offer a TM Teacher Training Program for Native Americans and the First Nations women so that Indian Country can be completely self-sufficient in their ability to provide this knowledge to their people.
- Develop diabetes research projects with specific focus on gestational diabetes and type 2 diabetes in women.
- Create Consciousness Based charter schools for girls in the Native American communities
- Develop women's leadership programs for every Indian nation
